

I would like to tell you that although there is no Airl station in my area, I listen over the internet and it has had a great effect on my life. It empowers me and encourages me day to day to live the kind of life I should be living. When my life is positively affected, this reflects on my community, friends and colleagues because I interact with them in the same way that the station does with me. This station has changed so many lives. People who are depressed, suicidal, on drugs or otherwise feel they are failing at life have been turned 180 degrees in a positive direction. I hear their testimonies on the station and I know the way my life has been changed as well. Please continue to keep Airl up and running.
